On Saturday all propositions for changes in the boundary lines of school districts of the county were being considered by the county superintendent, all the trustees of the county having been notified for that purpose, but, as we learn, no important changes were made except to abolish the Rocky branch district and annex parts of it to the Calaboose district, part to the Trace fork district, and part to the Hiram's branch district.

C. M. Hanks, jr., who was to the insane asylum at Lexington a few weeks ago for treatment, died at that place on the 22nd. His friends here having had previous notice that he had worsened, or that there was an imminent danger of immediate return. In fact, at noon on the day before he died, he was as usual. J. C. Lykins, who was supposed to be in Lexington the day after his death, and of same, wired his friend, place of the sad event, and his remains with him to Saturday evening, where they were met by the friends of the deceased, who brought his remains to town.

The funeral services were held by the Masonic order.

Some of our Morgan people are beginning to think that the Wolfe county railroad, is no bluff.

Miss Rachel Nickell, who has been visiting in West Virginia for some time, returned recently.

Elder J. A. Howard returned recently and has been conducting some interesting meetings at this place.

T. F. Carr and H. M. Fanning have obtained a patent on a tool for removing hands from time pieces.

The new residence of Elder J. A. Howard, at this place, is about completed and he will move into it soon.

Uncle Elmer Hays has been on the sick list several days, but is now able to exchange kisses with his dearest.

Prayer meeting at this place every Thursday night, and every one who can conveniently attend is invited to be present.

J. F. Lockhart and G. W. Good have just returned from the horse sale at Lexington. Mr. Lockhart bought two, which are said to be the finest blood now in the mountains.

Our sheriffs are covering the trees, fences and doors with notices of "sales for taxes," and it now appears that some of our people are sure to get their tax receipts, and that right soon.

Spencer Fulpin, a very ingenious young man, is working with "the little jeweler," and it is said that he is making rapid progress and will soon be able to "take all the good jewels out of a watch and put in cheap ones."

It seems to me that some of the citizens of this county, who have the "staff," should lend a helping hand to the Wolfe county effort for a railroad, for while we would not be benefited as much by the route as we would be by the Morehead route, still all will admit that it would be better to have this than none; and I am satisfied if we can get this it would be the cause of other roads being constructed through Morgan. Consider the matter and help to get the road.

REPLASTORY.

Letter from Elder J. A. Howard to Ben Many Friends.

To all the friends and brethren who have subscribed for THE HAZEL GREEN HERALD through my solicitation this letter is addressed:

You may think a little strange because my serious have not appeared in THE HERALD. The reason is that other arrangements have been impending which will prove satisfactory to all parties interested. This I wish to say to you, that THE HERALD is not to blame for not publishing my sermons. And to all those children of God who have read on the Bible, I desire to say that I will visit all the churches just as soon as possible and don't be the least discouraged. All things work together for good to those who do good, and those who do good, follow the blessed Savior's teaching day by day, and are found continually upon that road that leads to heaven and to rest.

Hoping this letter will explain the cause above named until the better arrangements are made, which will no doubt prove satisfactory to you all.

I am, yours truly,

J. A. Howard.

trial in the U. S. circuit court, at Hopkinton, for the murder of W. B. Lyle, at Beverly last month, the jury, after being in consultation only an hour, returned a verdict sentencing him to the penitentiary for life. There is general surprise over the verdict, as most everybody believed that he would hang, which five of the jury favored. Mays also expected this, and was overcome with joy when told that his life was spared.

His crime was the result of hot words with Mr. Lyle over some trivial matter, when both were under the influence of whiskey. Lyle finally struck him. This angered Mays, and going off he secured a gun. Returning with this hours later, he called Lyle, who was unarmed, out of his stables and shot him dead. He escaped, but was arrested two days later while crossing the Cumberland river in Tennessee.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. In the fall of 1898 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter county, Cal., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. Mr. McFarland says whenever his children have a cold he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. THE HERALD.

FOR RAILROAD COMMISSIONERS.
We are authorized to announce JOHN W. Wood, of Montgomery county, as a candidate for the office of Railroad Commissioner in this, the Third district, subject to the action of the Republican party.

Miss Ida Rose has recovered sufficiently to be able to return to her home.

A. V. Byrd and Sewell Combs were from Campton the first of the week.

Miss Lucy Neal returned Sunday from West Liberty, where she has been visiting relatives for several days.

Aunt Caroline Swango, who has been visiting her daughter, Mrs. Rose Pieratt, at Ezel, returned Monday.

Miss Mattie A. Quicksall was a pleasant visitor to this office one day this week arranging for some job work.

To purify, vitalize and enrich the blood, and give nerve, bodily and digestive strength, take Hood's Sarsaparilla.

Wm. H. Pence, of Holly, was visiting his uncle and aunt, Mr. and Mrs. J. F. Wood, of this place from Friday until Sunday.

Married, at the residence of the bride's father, Nelson Chaney, on the 22d inst., Frank Cecil and Miss Martha Chaney, W. B. Elkins officiating.

Our spring show was rather previous three weeks ago, though farm work is on in earnest now, and "gee, haw, git up, thar," can be heard on all sides.

Mrs. Jeffie Rose and John Rose, of Lacy creek, whose illness has heretofore been mentioned, are convalescing, and hope soon to be able to attend to their duties again.

Mrs. F. N. Day desires to inform the public that she will sell her entire stock of millinery, fancy goods, etc., at cost and carriage in order to make room for her new spring stock. Ladies, now is your time to secure bargains.

If parties who have been ordering jewelry, etc., from mail firms such as Montgomery, Ward & Co. and others, will send me their orders I will discount their prices 10 per cent, and give you a guarantee, which you do not get from them.

Johns' Drug Store, Lexington, is the place to go if you wish to save money on patent medicines and drugs. Read his list of prices published in this issue, and when you go to Lexington give him a call, or send him a mail order for what you want.

F. H. Cook, an expert piano and organ tuner, has been engaged in tuning instruments here this week and will be in Campton next week. His work here has been entirely satisfactory, and our Campton friends will find that he is thoroughly acquainted with his business.

Dr. John A. Taulbee reports the following additional cases under his treatment: A daughter of F. Robinson, John Davis, Stella and Mollie Haney, Minnie Maple, Dora Swango, Dave Rose, Mrs. J. F. Woods, Mrs. James Clark, Jonas Saltee, J. D. Graham, Irvine Carson, Arley Cecil and Alvin Oldfield.

Eliza James left last Monday for Fair Grange, Ill., on a prospecting tour, and to visit his army of relatives in that section. He is a model young man, possessing all the characteristics which are essential to the make-up of a true gentleman. We predict success for him wherever he may go. Tears dimmed the eyes of more than one when he bade adieu to his numerous friends here.

League Meeting.

A large and earnest crowd of Christian workers assembled at the residence of Mr. Quicksall Tuesday evening last to engage in League work. The subject on this occasion was "The Sin Offering," the discussion of which was participated in by many of the members, but it was by no means exhausted and will be taken up again at some future meeting. One of the members of the League from the academy home sent in an exegesis, which was read, evidencing the fact that his heart was with them if he could not be present. Renewed interest is manifested at each service, and age and youth are working hand in hand together in furtherance of the grand and laudable work undertaken by this society. A "praise meeting" will engage the attention of the League next Tuesday evening at the residence of Mrs. Ellen Swango.

Handsome Presents.

Misses Laura Rawlings and Minnie Day were the recipients last week of some pens which are rather unique in design. Two of them measure 12 inches from point to end of holder, 14 inches around center of holder, and the point is 1 of an inch broad, while one was a very handsome gold pen with pearl handle. The two larger ones are such as are used by the cowboys of Texas, and the smaller one will doubtless be used to write dainty missives to the donors, who reside in Texas, and friends who have recently left for Illinois and elsewhere.

Change of Study Hours.

Beginning Monday, April 1, the work at school will commence at 7 o'clock a. m. and continue till 1 p. m. In the afternoon the special class for teachers will recite from 2 till 3, also the class in elementary psychology. Those not in the afternoon classes will study from 2 till 5 p. m., and will have from 5 till 8 p. m. for recreation. The study hours at night will be from 8 till 10. This manner of proceeding was adopted last year and it worked well, and now it will do as well as it did last year, and possibly better. Wm. H. Conn.

"Under Value Sale."

See the advertisement of "Grant Under Value Sale" in this paper, and when you go to Lexington give Mr. Adler a call. Among the good things that he has to offer the people at a small price for the spot cash is the John B. Richardson stock of hats, which he bought at a sacrifice, and every gentleman who needs a hat should give him a call if he wishes to save money and buy the best.

Liver Troubles Cured.

"I had liver trouble for three years and got so I could not eat anything. I thought I would try Hood's Sarsaparilla and procured a bottle. Since taking it I have not suffered at all with indigestion and have gained in weight and I am very much better."—Mrs. Evan Sale, Beechland, Ky.

Hood's Pills cure all liver ills

W. O. Mize attended court at West Liberty on Monday, returning here Tuesday evening.

A Piano at a Nominal Price.

Chicago's largest music house, Lyon & Healy, has moved into a magnificent new building. They have a number of slightly used and second hand pianos returned from World's Fair, exhibiting, etc., etc., which they have determined to sacrifice rather than try to make room

for. These instruments comprise Square pianos at \$40, \$65, \$90, \$100 and \$125. Upright pianos at \$125, \$140, \$160, \$175, \$190, \$200, \$225, \$240 and upward. Grand pianos at \$240, \$250 and \$300 and upward. Nearly all originally sold for from two to four times their present price. Almost all prominent makes (in squares and uprights) are represented, including among numerous others, Chickering, Knabe, Steinway, Fischer, Weber, Decker, Steck, etc. This is an opportunity that will not occur again, as Lyon & Healy have not moved for 20 years. Immediate attention is therefore necessary. A good plan would be to order a piano, leaving the selection to Lyon & Healy. However, they will send a list and full particulars upon application. Any piano not proving satisfactory may be returned at their expense. Address at their new salesrooms, corner Wabash avenue and Adams street, Chicago. Distance is no obstacle in taking advantage of this remarkable chance to obtain a piano, for in proportion to the saving to be made the freight charges are insignificant. If you do not already know them by reputation, any banker will assure you of Lyon & Healy's entire responsibility and record of over a third of a century for honorable dealing. Write today so as to avoid disappointment.

Lost—Some two months ago, a Holland Fountain Pen. The finder will be suitably rewarded by leaving it at this office.

ELECTROPOISE.

IT CURES DISEASE.

The Electropoise gave me complete relief from excruciating pain in three applications. I also find it good for treating children for their numerous ailments.—C. T. Soden, with Bridgford & Co., Louisville, Ky.

Mr. G. W. Flint, of Skylight, Ky., says: "I suffered years with my kidneys, inflammation of the bladder and enlargement of the prostate gland. After a short trial of the Electropoise I am entirely relieved, and feel twenty years younger."

"I have derived more benefit from the use of Electropoise than from all other remedies combined. I think it the grandest invention of the age. It cannot be praised too highly."—Mrs. M. E. Gorman, Salsville, Ky.

John H. Davis, esq., of Barboonsville, Ky.: "The Electropoise is the best all round doctor I know of. My wife suffered from the effects of la grippe for several years; also a complication of other ailments. Now she is entirely well. Indigestion bothered me a great deal—am now well. One of my neighbors is using it for lung trouble, and reports improvement."

As a curative agent the Electropoise cannot be equalled. Nearly 1,000 have been put out from this office in the last three months.

"MILLIONS IN IT"
Alleged Silver Mine in Eastern Kentucky.
 Section at Hand is One-Half Claimed in Tree.

IS IT SAILOR "SWIFT'S MINE"?

Special Correspondence Courier-Journal.
 HAZEL GREEN, Ky., March 28.—News has just reached here that John H. Cook and Tom Howard, of Magoffin county, have discovered what they believe to be a very rich vein of silver on the Mine Fork of Sandy river, near the boundary line of Morgan, Magoffin and Johnson counties. The locality is about 12 miles from Salyersville, in Magoffin county. The men who made the discovery were so impressed with their find that they took specimens of the ore and in person visited an assayer in Philadelphia, who pronounced the ore as rich as any ever discovered in the Black Hills during the Leadville boom in the '70s. These men also found a deserted camp, evidently used by miners years ago, judging from the crucibles and other things lying around in profusion. Among the discoveries in the camp were several dices which showed plainly that they had been used to mold coins in the early settlement of this mountainous section.

The men who made the discovery have tried assiduously to guard their secret, telling of their good fortune to only a few of their chosen friends, but their movements in going to and from the locality of the discovery, together with other suspicious circumstances in their movements aroused the curiosity of the countrymen in that section, and they "let the cat out of the bag." Though only the two men intended know the exact place, several have seen the rich ore and Cook and Howard have exhibited so much of it that great excitement prevails in that locality at present.

Many people think the discovery is the abandoned "Swift's mine," of which so much has been written and told in tradition. If this be so, and the half that has been told of "Swift's mine" should prove true, Eastern Kentucky will soon spring into prominence as a rival of the great west in the production of silver, and is destined to down Colorado in furnishing raw material from which to make the "dollar of our dandies," for the silver which Swift is said to have used and carried away on pack mules years ago upon his annual visits to this section was so rich that much of the ore did not need smelting. Thousands of dollars have been expended in trying to locate this famous Swift mine, and many who thought they had found a bonanza, and worked like beavers to develop it, later on made the discovery that it was but a bauble "busted." But in one thing they were all agreed, for all of them have selected Eastern Kentucky as the prospective place where this fabulous wealth was to be found, and prospecting in every mountain county has been carried on at some time.

Here in Wolfe county Mrs. R. P. Finniss, a woman of culture, has spent 30 years of her life and a considerable sum of money prospecting for the old silver mine, Swift, is supposed to have been possessed. Though discouraged in his efforts and devoted for her devotion, she has yet naturally pursued the search, and if she found any considerable quantity of silver she has vowed that she will sell it for the cause of the poor.

York was visiting this place a few years since picked up a small piece of rock near where she was operating by blasting, and at his home had an assay made. The test in this instance showed \$21 of pure silver and a very slight trace of gold to the ton of ore, and she would have had no difficulty in getting capital interested at that time but for the fact that the locality in which she was operating is remote from railroads and inaccessible by wagon or other vehicle, owing to the immense cliffs which surround the place. The excitement occasioned by the New Yorker's find never, therefore, amounted to much, and in time the occurrence passed out of mind.

On several occasions in the past few years the writer has had exhibited to him pieces of rock with more or less silver in them, and some of the specimens appeared nearly pure silver. But in no instances has the evidence of silver in this section been so convincing as the find of Cook and Howard.

The young man who gave the writer the information on which this letter is based is perfectly trustworthy, and he says he was offered an eighth interest in the mine for \$150 when it was first discovered, he being one of the chosen friends of the lucky couple, but now the price has gone so high that he "can not touch it with a ten-foot pole."

The proposed railroad from the mouth of Mill creek, on the Lexington and Eastern railway, thence through Campton and Hazel Green on to the celebrated Caney canal fields of Morgan county, would touch the newly discovered silver field en route to Prestonsburg, in Floyd county, and if the facts given the writer prove that silver has been discovered in the locality named, in anything like the quantity alleged, the road would be built on to Prestonsburg, and there connect with the Norfolk & Western, which has that place as its prospective terminus.

The Y. P. S. C. E.
 EDITOR HERALD: Two weeks ago you promised, by your permission, to give some of the distinctive principles and features of the Y. P. S. C. E. First, we repeat its motto again, viz: "For Christ and the Church." The society has the prayer meeting pledge, which is honestly interpreted; the lookout, prayer meeting and social committees, and the consecration meeting with its roll-call. Other committees are optional, and the constitution is entirely flexible in other points according to local needs. The prayer meeting pledge, which is the pledge made by all active members, is as follows: "Trusting in the Lord Jesus Christ for strength, I promise Him that I will strive to do whatever he would like to have me do; that I will make it the rule of my life to pray and to read the Bible every day, and to support my own church in every way, especially by attending all her regular Sunday and mid-week services, unless prevented by some reason which I can conscientiously give to my Savior, and that, just so far as I know how, throughout my whole life, I will endeavor to lead a Christian life. As an active member I promise to be true to all my duties, to be present and take some part, aside from singing, in every Christian Endeavor prayer meeting, unless hindered by some reason which I can conscientiously give to my Lord and Master. If obliged to be absent from the monthly consecration meeting of the society I will, if possible, send at least a verse of scripture to be read in person to my name at the next meeting." Now is it any wonder that all the churches have embraced this pledge?

Is it any wonder that the church that desires to perpetuate its own existence as a sect shall withdraw from this great onward, forward movement, and start among its own a separate organization? If this work is entered heartily, will it not necessarily make young people loyal and efficient members of the church? And most assuredly it promotes the spirit of interdenominational church federation, and at the same time the spirit of loyalty to one's own church and denomination. All associate members take the following pledge: "As an associate member I promise to attend the prayer meetings of the society habitually, and declare my willingness to do what I may be called upon to do as an associate member to advance the interests of the society." Our next national convention will convene in Boston, Mass., July 10-14, of this year. We expect to go up to that grand meeting with 60,000 delegates, representing all the leading evangelical denominations. The H. G. A. Y. P. S. C. E. now numbers on its roll between 75 and 80 members, many of whom are active. Very truly,

Dyspepsia
 Mrs. Judge Peck Tells How She Was Cured
 Sufferers from Dyspepsia should read the following letter from Mrs. H. M. Peck, wife of Judge Peck, a justice at Tracy, Cal., and a writer connected with the Associated Press:
 "By a deep sense of gratitude for the great benefit I have received from the use of Hood's Sarsaparilla, I have been led to write the following statement for the benefit of sufferers who may be similarly afflicted. For 15 years I have been a great sufferer from dyspepsia and heart trouble.
 Almost everything I ate would distress me, I tried different treatments and medicines, but failed to realize relief. Two years ago a friend prevailed upon me to try Hood's Sarsaparilla. The first bottle I bought helped me, so I continued taking it. It did me so much good that my friends spoke of the improvement. I have received great benefit from it.
 Gladly Recommend It.
 I now have an excellent appetite and nothing I eat over distresses me. It also keeps up my strength and health.
